CONDUCTOR

Dr. Colin Holman

Dr. Colin Holman received his Bachelor of Music degree with honors from the University of Birmingham, England and came to the United States with the aid of a Direct Exchange Scholarship and a Graduate Honors Fellowship, completing his master's degree in instrumental conducting and his Ph.D. in musicology at the University of Kansas.

In 1992 Dr. Holman moved to Chicago and established his career as a conductor and a musicologist specializing in English music. He has lectured at both the undergraduate and graduate level at several area universities including Northwestern University, Northern Illinois University, and Wheaton College. His scholarship is cited in the New Grove Dictionary of Music and Musicians, and he has contributed to publications on eighteenth-century American music and the phone app InforMusic. Holman was appointed conductor of the Fox Valley Concert Band in January of 1993. His extensive conducting credits include work in opera and musical theater, with orchestras and concert bands, and in early music. He is on the music faculty at Loyola University Chicago and Music Director of the international award-winning Chicago Brass Band.

Student One

As a student pilot you will learn the essential skills required to receive your FAA Certificate. Pilots must learn about aircraft systems, aerodynamics, weather and many other fascinating subjects. During your training you will become a master of the flight controls and will use these skills during your career as a pilot.

Commercial Two

As a commercial pilot you can finally start earning that paycheck. More training is required to receive your FAA Commercial Certificate; which, involves advanced navigation, regulations, high performance aircraft and systems. Join the ranks of a commercial pilot and enjoy the view.

IFLY I.A.A.

Career Three

From the training you receive at Illinois Aviation academy, you can now enjoy the career of being a professional pilot. With an office view of +30,000 feet, it's not your average job. With a airline pilot shortage the job outlook is great. What are you waiting for?
